

## Summer Winding Down

Not only is late summer a great time to see your flowers at their peak but it's also a great time to enjoy the warm evenings with ponds and patios. With fall just around the corner, football season starting and Labor Day weekend just a few weeks away you're probably thinking about grilling as well. This month we have you covered. At Ken's Cattails we'll be clearing up some inventory with some great savings on our clearance table, throughout our store and with our online coupons that feature propane and the Airmax Aeration unit featured last month.

## Grilling

A late evening cookout is always fun, but its not fun if your grill runs out of gas! Heres a tip: Most propane tanks for grills weigh approximately 18 pounds empty and 38 pounds full; when you're not sure just weigh your tank. Here at Ken's Cattails, we make sure we fill your tank fully. Most places that exchange tanks charge you more money and actually only fill them partially. This month clip our online \$2 off coupon to save on your next propane fill that's just in time for Labor Day weekend.

## Smart Aeration

Pond owners, I have a great deal for you! Purchase our new 3-light set and I'll also give you \$50 off an Airmax Aeration Kit! The air system will not only extend your pond watching enjoyment but your fish will breathe easier too! Even better is that you'll get a well-lit and aerated pond that uses only 10 watts of electricity. You've got to take advantage of this deal! (While supplies last)

## Clearing Out

August is also the month I roll out my clearance table. There are savings of up to 75% off overstock and closeouts. The sale extends to our selected nursery stock.

## New Hours

As a reminder our store has new hours beginning this month. They are Monday- Thursday 9am-6pm, Friday 9am-7pm, Saturday 9am-5pm and Sunday Noon-4pm. We will be closed Labor Day.

## PRODUCT SPOTLIGHT

### Airmax Aeration Unit

**\$50 off**

*valid August 2011 only!*

We stock aeration systems for small backyard ponds to acre ponds. They provide maximum water circulation that helps keep water clear and healthy, reduce murky bottoms and reduces pond maintenance. Airmax Aeration also uses less power than water pumps.

**USES LESS POWER  
THAN WATER PUMPS!**
