

KEN'S GREETINGS

"Enjoying Summer"

June is here and it's a great time to enjoy the summer sun. This spring has definitely been a wet and cool one, so we may be a little behind in gardening. Do not fear though, there is still plenty of time to plant vegetables from seeds to grow edible crops for your family.

As for planting flowers, perennials are still as popular as ever. Perennials mixed with annuals or evergreens make a great combinations. The different foliage colors, textures, and heights perennials can add great flare to any landscape. Also many perennials completely disappear in the winter; therefore, there is no winter deer damage. Take some time and look at what the perennials have to offer. Any of our sales people will be glad to help you.

Also, keep plants looking healthy by removing old flower heads and pinching taller or leggy plants back to keep them fuller.

Pond owners, algae could become a problem...but don't panic. Stop in today and ask us how to control algae in your pond. Just remember to tell us how large your pond is in gallons. If you're not sure, bring in the measurements of your pond so that we can help you.

June is also a great wedding month and wind chimes make great gifts. Come by today to choose one for your next wedding event.

"The Social Network"

If you've visited our website at www.kenscattails.com recently you'll see we've finally added ourselves to the Facebook community with our own page. This is a great way to keep everyone posted on the latest news, information and happenings here at Ken's Cattails. Somewhere down the road we are even looking to add giveaways and even more exclusive offers to all our Facebook users. So spread the word and "like us" from our website at www.kenscattails.com.
